

CORRECTED FISCAL NOTE

HB 2232 - SB 2331

January 28, 1998

SUMMARY OF BILL: Establishes a general sessions court in Sevier County. Current law excludes Sevier County from having a general sessions court.

ESTIMATED FISCAL IMPACT:

On January 23, 1998 we issued a fiscal note on this bill which indicated that:

The impact of this bill is an increase in local government revenues exceeding \$50,000 and an increase in local government expenditures exceeding \$100,000. This assumes the establishment of general sessions courts will enable more efficient and timely collection of revenues from fines and fees and also assumes that the addition of a general sessions judge and establishment of the court will increase expenditures for salaries, benefits, and operating costs.

Based upon additional information, the estimated fiscal impact of this bill is:

Increase Local Govt. Revenues - Not Significant
Increase Local Govt. Expenditures - Not Significant

Estimate assumes that the trial court already in existence in Sevier County will be converted to a general sessions court.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
